DECLARATION

I, Jacob Cuzdey, certify the foregoing to be correct and true

I am a member of the Washington League for Increased Transparency and Ethics.

I also have a business, Evolving Medical Solutions, which is attempting to refine, develop and market a novel Blood Oxygenation System for Covid-19 therapy.

Due to the misinformation and uncertainty spread by FOX News about the seriousness of Covid-19 and its downplaying of the dangers of the virus, I was harmed in the early development and marketing of this potentially lifesaving technology in that potential partners, investors or supporters were uncertain if there was actually a significant problem to begin with, and were reluctant to commit.

I have just recently, in the last week, found a more receptive audience and we are now moving forward with developing this technology which has the potential to literally save thousands of lives.

I believe the delays in moving forward with this technology were critical, caused me to expend time and resources and interfered with the rollout of a potentially lifesaving new method of Covid-19 treatment.

I, Jacob Cuzdey, certify the foregoing to be correct and true under penalty of perjury of the laws of the State of Washington.

Done this day of April 28th, 2020, in Lacey, Washington.
