As the security situation in San Diego has deteriorated, as an Ocean Beach Community im proposing we form a fast-acting reaction force to prevent any looting , rioting, arson, and vandalism in our community. The adjoined pics are Banks in la Mesa of Union,Chase. Please note that they've both been burned to the ground. Do you want the day where we look out on Newport and this is what we see? Then wonder why we didn't take action sooner to prevent this type of catastrophe to our Beloved Community? We, need to take action now to prevent this from happening here. Our overall message is that we SUPPORT the black lives matters Movement and Message. We will vote to further its political trajectory. We DETEST what happened to George Floyd. But we in Ocean Beach were not responsible for this heinous act, and believe that the soul who George Floyd was , would not want these protests to hurt people who support BLMs core philosophy. Alongside a "peaceful" protest, if violence and physical destruction is in route to Our Community, we must take preemptive active steps to protect ourselves from the chaos and violence that has accompanied this "peaceful" movement. The entirety of the San Diego Police, SWAT and National Guard were unable to protect businesses in downtown San Diego who were looted. (711, cvs, att) The entirety of a la Mesa Police Department, swat, and adjoining police reserves were unable to prevent the arson of the two largest banks in the area, the Looting and destruction of Von's, and the destruction of every small business in the Vons shopping area. Please no debate commenting. Pm me, we can assign community protection patrol stations and mobilize within 1 hr to protect Newport/ Voltaire/Bacon.

I truly wish that we did not have to do this. But the entire protest movement, although they claimed to be peaceful, are unwilling to police themselves from the instigators destroying peoples lives, hurting even people who SUPPORT their cause politically, and finantially. The Vons in La Mesa that was destroyed was one of the largest employers of African American team members in the area. Who will stand up to protect ob from danger when 531 2000 is swamped, and 911 says officers will be there in 4hrs?
