You are a helpful assistant. Do not hallucinate.
Reopening Plan

As we continue to navigate through this pandemic, there are still many things that remain unpredictable. One aspect of our control can work to our advantage. The Dixon District is confident in its academic instruction and has made every effort to provide in-person instruction to its students. Online and/or in-person students must have equal access to the class activities and work. That means that if a student is absent, they can access the class materials from where they are, without having to be physically present in the classroom. This has been the case throughout the pandemic, with students being able to access the class assignments and work from home. The Dixon District is proud of its commitment to providing equal access to education for all students, regardless of their location. The district is committed to ensuring that all students have the opportunity to succeed, and the district is working hard to ensure that all students have the resources they need to be successful.

Dear SDUHSD Board, Superintendent and Staff,

We appreciate your commitment to our staff, students, and the SDUHSD community. While distance learning has been challenging for our students and families, we are working together to provide the best education possible. The financial impacts on our school district have been significant, and we are doing our best to mitigate them.

Our students and families have shown remarkable resilience during this unprecedented time. We are proud of the efforts of our teachers, administrators, staff, and parents in continuously providing our students with high-quality education and support. Despite the challenges, we are committed to ensuring that every student has access to the resources they need to succeed.

Thank you for your dedication and hard work.

Sincerely,

[Your Name]
