NARRATIVE

----- Case Imported From CSP - CSP Number Assigned = CSP21092304 on 11/8/2021 2:50:03 PM by 4791 My home at 24503 NE 128th Street is being recorded 24/7 with the video tapes and audio files being leaked to Social Media in order to defame me from my position as a Special Education Assistant in the Battleground Public School District. These recordings include my bedroom, bathroom, living room, kitchen, family room, and home office. The recording range from daily activities within the confines of my home such as family conversations to include all phone conversations, emails, and other private communication. I believe that this persistent surveillance and consequential leaking of the surveillance to the public is in an effort to publicly defame me from the teaching profession. I am daily harassed as a result of this surveillance and leakage to social media accounts. It is my understanding that this behavior is illegal and in violation of Washington State Law. Specifically RCW 9.73.030 "Intercepting, recording, or divulging private communication" in the State of Washington. I have included a link to the Washington State Legislature with the appropriate law cited that I believe to be in violation. I would ask for an immediate investigation to be opened and this illegal and harassing behavior to come to an end. I would appreciate a follow up from the department on this matter. Washington State Legislature:
<https://app.leg.wa.gov/rcw/default.aspx?cite=9.73.030> RCW 9.73.030 Intercepting, recording, or divulging private communication—Consent required—Exceptions. (1) Except as otherwise provided in this chapter, it shall be unlawful for any individual, partnership, corporation, association, or the state of Washington, its agencies, and political subdivisions to intercept, or record any: (a) Private communication transmitted by telephone, telegraph, radio, or other device between two or more individuals between points within or without the state by any device electronic or otherwise designed to record and/or transmit said communication regardless how such device is powered or actuated, without first obtaining the consent of all the participants in the communication; (b) Private conversation, by any device electronic or otherwise designed to record or transmit such conversation regardless how the device is powered or actuated without first obtaining the consent of all the persons engaged in the conversation. (2) Notwithstanding subsection (1) of this section, wire communications or conversations (a) of an emergency nature, such as the reporting of a fire, medical emergency, crime, or disaster, or (b) which convey threats of extortion, blackmail, bodily harm, or other unlawful requests or demands, or (c) which occur anonymously or repeatedly or at an extremely inconvenient hour, or (d) which relate to communications by a hostage holder or barricaded person as defined in RCW 70.85.100, whether or not conversation ensues, may be recorded with the consent of one party to the conversation. (3) Where consent by all parties is needed pursuant to this chapter, consent shall be considered obtained whenever one party has announced to all other parties engaged in the communication or conversation, in any reasonably effective manner, that such communication or conversation is about to be recorded or transmitted: PROVIDED, That if the conversation is to be recorded that said announcement shall also be recorded. (4) An employee of any regularly published newspaper, magazine, wire service, radio station, or television station acting in the course of bona fide news gathering duties on a full-time or

contractual or part-time basis, shall be deemed to have consent to record and divulge communications or conversations otherwise prohibited by this chapter if the consent is expressly given or if the recording or transmitting device is readily apparent or obvious to the speakers. Withdrawal of the consent after the communication has been made shall not prohibit any such employee of a newspaper, magazine, wire service, or radio or television station from divulging the communication or conversation. (5) This section does not apply to the recording of custodial interrogations pursuant to RCW 10.122.040.
