Good afternoon Mr. Ruhlman and Mr. Briggs,

Let me start off by thanking you Jeff for taking the time to reach out and update me with some of the information around the circumstances that have occurred with respect to Christian High School's forfeitures in several athletic contests over the past 2 weeks.

I am also glad to hear your president is in better health and hopefully recovering from their illness. As I shared with you doing our phone conversation, as the CIF San Diego Section Commissioner, I am requesting a written response to the following questions:

1. So we can gain a better understanding of the circumstances around this contest, I am requesting your school's administration provide this office in writing the reason(s) for your school's decision to forfeit the girl's varsity volleyball game on September 12th, 2023.
2. Please provide to the CIF San Diego Section, Christian High School's plan moving forward with respect to what steps will be taken as a CIF member school to ensure similar situations don't occur again this year or in the future.

I ask that your response be provided by 6:00 p.m. on Friday, September 15, 2023. If you have any questions regarding this directive, feel free to reach out to me. Thank you again!

Respectfully,

Joe Heinz
Commissioner
