The extreme Republican agenda is at our doorstep, with John McCann's well-funded attempt to win control of the County of San Diego in the July 1 special election. Our champion is Mayor Paloma Aguirre, who fights for my neighbors, working families, and effective solutions to the border pollution crisis every day. She must win this critical race, and I am working to support her victory every day.

MAGA Republican John McCann says we "should cooperate" with Trump's immigration deportation raids. McCann asked President Trump to free a convicted fraudster from prison. After Trump freed her, she and her brother contributed \$58,000 to elect McCann as mayor while committing more fraud for which she was sent back to prison. McCann prays on the steps of City Hall with bigots who spew anti-LGBTQ hate. He welcomes and inflames hatred that makes our communities less safe.

Under my leadership, we elected Paloma Aguirre as Mayor of Imperial Beach, and I have worked to unite our community and Party behind her as our candidate for Supervisor. With all of us pulling together and contacting voters with the urgency this moment requires, we will elect her to the County Board of Supervisors. If you are shocked and angry about the doom and cruelty of the Trump administration, please visit [paloma-aguirre.com](http://paloma-aguirre.com) and help her win. Join me! Contribute, call voters, knock on doors, get your friends and family fired up to get out the vote for Paloma. After we elect her, I will enthusiastically discuss my proposals, qualifications, and vision for the County Party.
