

LA MESA COURIER

CONGRATULATIONS TO OUR WINNERS

An important part of what makes La Mesa special is the businesses — big, medium and small — that are owned and staffed by the families and people in this wonderful community we call home.

These individuals work hard, day in and day out, to provide great food, drink, arts, entertainment, retail shopping, medical services, law advice, repair services and much, much more to locals and those not from the area visiting these establishments.

One of the most exciting times of the year for us at La Mesa Courier is the unveiling of our “Best of La Mesa” issue, which puts a spotlight on those who are doing the very best in a wide

range of categories.

Making things better for individuals voting this year in the “Best of La Mesa” issue is our new bestoflamesa.voterfly.com.

The system allows for an easier voting process. Businesses can submit their brands online to be nominated, and voters take charge from there.

Speaking of taking charge, we’ve moved forward starting this month with a new design of the La Mesa Courier.

While the newspaper may look a little different, know that the dedication to covering topics of interest to La Mesa readers has not changed.

As part of not changing what we do,

the Best of La Mesa issue allows us to highlight all of the wonderful businesses in our city.

Each year, we ask the most loyal readers around to nominate what restaurants, entertainment venues, stylists, designers and other businesses and professionals stand out most to them.

Once again, we received hundreds of nominations from La Mesa residents eager to share their thoughts on the most deserving candidates. We tally the votes, compile a directory and send out the awards — many of which readers will see proudly displayed on the wall of restaurants and office.

Some of these businesses have been

there for La Mesa residents and out-of-town shoppers for decades.

Others have only just begun to make an impact on the community but have obviously caught the attention of local consumers by doing things the right way time and time again.

We encourage readers to hang on to the following Best of La Mesa section throughout the year.

It can be a handy companion for the next time you go in search of an optometrist, a car mechanic, a doctor, a Mexican dinner, a craft brewery or just a simple coffee with friends.

Congratulations to all winners and thank you for all you do for La Mesa!

Thank you for voting us

Congratulations to the following businesses who were chosen by the readers of the La Mesa Courier.

The business categories were published in ballot form over a period of 6 weeks. Readers were asked to cast ballots for their favorite choices. This was no simple task! With more than 100 categories, our readers came through with overwhelming response. We wish to thank all the readers who took the time to recognize these local businesses

the San Pasqual Valley, the winery was later “re-invented” as San Diego’s first urban winery, earning it a spot on Sunset Magazine’s list of “Hot 100 West Coast Trends.” The winery is now located in the industrial area of La Mesa, with offsite tasting rooms nearby in the Village of La Mesa and downtown San Diego at Seaport Village. With annual production ranging from three to four thousand cases, most of our wine is sold directly from the winery and tasting room locations, allowing a more personal connection to enjoy our wines.
